MONTHLY NEWSLETTER OF DEPARTMENT OF
CSE/CSE(AI)

VISION

- Nurturing globally competent Computer Science and Engineering graduates capable of taking challenges in the Industry and Research & Development activities

MISSION

- Imparting quality education to meet the needs of industry, and to achieve excellence in teaching and learning
- Inculcating value-based, socially committed professionalism for development of society
- Providing support to promote quality research

ALOHA 2021- Christmas celebration !!

Rank list: Education Ministry's Atal Ranking of Institutions to pick the top institutions based on their innovations

#New Delhi

Atal Rankings of Institutions on Innovation Achievements (ARIIA) 2021 will be announced by Minister of State for Education, Subhas Sarkar on Wednesday, informed the Ministry of Education on Tuesday.

The ministry stated that ARIIA is a unique joint initiative of the Ministry of Education and AICTE to systematically rank higher educational institutions in India on indicators related to Innovation, Startup and Entrepreneurship Development amongst students and faculty. ARIIA evaluates institutions on parameters like patent filing and grants, number of registered students and faculty startups, fund generation by incubated startups, specialised infrastructure created by institutions to promote innovation and entrepreneurship and so on.

Prof. Anil Sahasrabudhe, Chairman, AICTE, highlighted that India is constantly improving on Global Innovation Index (GII) ranking and has now moved to 46th position in 2021 from 81st in 2015. The Ministry of Education in its statement further said, "We have also emerged as the world's third-largest startup hub but still we have huge scope for improve-

ment, he added. He further said that AICTE firmly believes that in the coming years, our technical institutes will become a fountainhead of next-generation technology-driven start-ups if we can create a vibrant innovation and entrepreneurial ecosystem. ARIIA ranking is a major attempt in that direction."

Abhay Jere, Chief Innovation Officer of Ministry of Education said that the first edition of the ARIIA was launched in 2018 and it has given huge impetus for developing an innovation ecosystem in our HEIs. He added that ARIIA-2021 has seen unprecedented participation as com-

pared to earlier editions. This year 1438 institutions (including all IITs, NITs, IISc, etc.) participated as compared to 674 HEIs during the 2nd edition of ARIIA (ARIIA-2020) last year. This is more than double as compared to the 2nd edition and approximately 4 times as compared to the first edition.

ARIIA-2021 ranks will be announced in 9 separate categories which include Centrally funded technical institutions (e.g. IITs, NITs, etc), State Universities, State standalone Technical colleges, Private universities, Private standalone technical colleges, non-technical government and private universities and institutions. **ANI**
